2024 RAHI Teacher Recommendation Form

Program Dates: May 28 – July 12, 2024

Application Deadline: March 1, 2024

Thank you for taking the time to fill out this recommendation form. RAHI is a competitive program, making your responses critical in helping our review committee determine if a student should receive an invitation to attend. Please answer the following questions to the best of your ability.

Keep in mind that RAHI is rigorous. Academic expectations are very high and course workloads are substantial. Students who apply should be prepared to be challenged both academically and socially.

Established in 1983, Rural Alaska Honors Institute (RAHI) is a college prep program for rural and Alaska Native students. Students who attend will live in dorms on UAF's Troth Yeddha' campus, take an average of 9 college credits, explore interior Alaska through a variety of outdoor activities, and volunteer in the Fairbanks community. The program is entirely free to students.

More information can be found at
